

DMAS is pleased to announce the launch of Commonwealth Coordinated Care (CCC), a new initiative to blend and coordinate Medicare and Medicaid services for Virginians receiving both benefits. CCC offers care coordination services and supplemental benefits not currently available to individuals receiving traditional Medicare and Medicaid benefits. Eligible individuals will receive a letter notifying them of their CCC eligibility. For more information on eligibility and CCC services, please visit the CCC webpage at: [http://www.dmas.virginia.gov/Content\\_pgs/altc-enrl.aspx](http://www.dmas.virginia.gov/Content_pgs/altc-enrl.aspx). Individuals enrolled in CCC will have all services authorized by the Medicare-Medicaid Plan (MMP) they have chosen: Healthkeepers, Humana, or Virginia Premier. For CCC enrollees, contact the MMP directly for service authorization information.
